Summary

Highly motivated MCA web developer with expertise in designing and developing dynamic web applications using various programming languages and technologies. Skilled in creating responsive, user-friendly, and scalable web solutions with strong understanding of web development life cycles and agile methodologies.

Skills

- **Languages:-**
    - **Programming Languages:** C, Python, Java (Basic)
    - **Markup Languages & Frameworks:** HTML5, CSS (Tailwind)
    - **Scripting Languages:** JavaScript
    - **Databases:** MySQL, MongoDB
- **Library:-**
    - **NodeJS:** Modules, File System, HTTP, Databases, Security
    - **React:** Components, state, props, hooks, custom hooks, Redux etc
- **Tools:-**
    - **Development Tools:** VS Code, Git, Browser Developer Tools, GitLab , Figma
- **Academics:-**
    - Object-Oriented Programming (OOP)
    - Data Structures & Algorithms (DSA)
    - Cloud Computing
    - Computer Networks
    - Database Management System
    - Artificial Intelligence
    - Software Engineering

Additional Activities

- **Hold strong web development skills through certifications from Coursera and Meta in:**
    - HTML, CSS, and JavaScript for web developers
    - Introduction to Front-End Development
    - Programming with JavaScript
    - HTML and CSS in Depth
- Further honed these skills through participation in seminars, presentations, group projects, and coding competitions.
- Successfully coordinated Aaghaaz, a technical festival, resulting in high participation rate and positive feedback.

Projects

Movie recommender

Muvie Recommender
- Crafted a personalized movie discovery platform using Python and cutting-edge machine learning techniques

E-commerce Website

Sephora Cosmetics
- I designed and built a responsive e-commerce website using HTML5, CSS3, and JavaScript for a seamless shopping experience across all devices

Gym Website

Muscle Headquarter

- Developed a responsive website for a gym, using HTML5, CSS3, JavaScript Bootstrap for responsive design, PHP for backend functionalities, MySQL for database management.

Music Player
Zing mp3
- Brought "Zing mp3" to life, a web-based music player built with cutting-edge technologies (HTML5, CSS3, JavaScript) for seamless access on any device

---

Soft Skills

- **Listening Skills:** Active listener or Strong ability to grasp information and follow instructions.
- **Smart Worker:** Results-oriented or Efficient in prioritizing tasks and managing time effectively.
- **Empathetic communicator:** Excellent written and verbal communication skills or Ability to clearly articulate ideas and collaborate effectively.
- **Thrives in ambiguity:** Highly adaptable and thrives in fast-paced environments or Comfortable working independently and as part of a team.
- **Willingness to learn new things:** Eager learner with a growth mindset or Highly motivated to stay up-to-date with the latest industry trends.

Education

Masters in Computer Application
IMS Engineering College , Ghaziabad
AKTU, 2022-2024

BSc in Biotechnology
HIMT, Greater Noida
CCSU, 2019-2022

12th (PCM)
A.R.S Public School • Jharkhand
CBSE, 2019

10th
A.R.S Public School • Jharkhand
CBSE, 2017
